

Narcotic ingestion  
Severs threads of sanity  
Momentary impulse  
Now eternal prison  
Terror consumes as the will to survive begins to rage  
Overwhelmed with fear fury is released  
Faces now distorted and empty  
Sense of being slips as hell takes over  
Thermal oblivion hoisted  
Unveiling an  
Eternal underworld  
Letting go of hope  
Embrace pain as your new ruler  
Escaping the clutches  
Of one's own mind is now impossible  
Complete mental chaos

Resistance  
Is the only option  
Confronted  
With menacing entities  
Blurred images race towards  
Confusion forcing defence  
Striking out viciously to thwart attack  
Nails tearing flesh  
Gouging out eyes and ripping at neck tissue  
Knuckles breaking teeth  
Survival is the only lucid thought  
Crepitus sounds bones shattering  
Running to evade, to no avail  
Images continue to engage  
Submission is inevitable,  
Eternal conscious asylum  
Submit to insanity  
Perpetually
