

Insomnia

Defiance

What is it called
When you can't sleep at night?
The shadows on the wall
Gives you such a fright
Wish you had a switch
To turn off the light in your head
Could it be that what
Makes you lie awake in your bed?

What will you do
To make yourself fall asleep?
Well - have you ever tried
To count some sheep?
Toss and turn
You're all tied up in your sheets
Now Freddy's face
Is the one you'll finally meet
