

# Clap Your Hands

Deitrick Haddon

(Yo Tim, Yo Bob  
We had to do it man.  
Yeah, We gotta praise God,  
While we got the chance)

I'm gonna praise God while I got the chance  
Watch me while I do my dance, when I think of You  
Gotta clap my hands, clap my hands

I'm gonna praise God while I got the chance  
Watch me while I do my dance, this one's for You  
Gotta clap my hands, clap my hands

Excuse me while I praise Him,  
I might look crazy to you  
But this is the way that I express myself  
He's the one that saved me,  
From this cruel world that's crazy  
And now, my mind is somewhere else in Him

I'm gonna praise God while I got the chance  
Watch me while I do my dance, when I think of You  
Gotta clap my hands, clap my hands

I'm gonna praise God while I got the chance  
Watch me while I do my dance, this one's for You  
Gotta clap my hands, clap my hands

I'm a leader by example, got love for all my people  
And we gotta give it up to Him  
See, this whip that I am drivin', these clothes that I am rockin',  
And the ice, it all belongs to Him, not me

You've done so much, much for me  
I'm gone clap and move my feet  
Let them talk about me,  
It's all good You set me free  
I'm so blessed, just to breathe  
Walk around, and just believe  
Just look what faith can do for you

I'm gonna praise God while I got the chance  
Watch me while I do my dance, when I think of You  
Gotta clap my hands, clap my hands

I'm gonna praise God while I got the chance  
Watch me while I do my dance, this one's for You  
Gotta clap my hands, clap my hands

Watch me while I do my dance, I'm gonna praise Him while I can  
I can't sit down on this jam  
Gotta clap my hands, clap my hands  
Thank You for the air I breathe,  
Simple things You set me free  
Through faith I feel You movin' me  
Gotta clap my hands, clap my hands

Done so much, much for me  
I'm gone clap and move my feet  
Let them talk about me, it's all good You set me free  
I'm so blessed, just to breathe  
Walk around, and just believe  
Just look what faith can do for you

I'm gonna praise God while I got the chance  
Watch me while I do my dance, when I think of You  
Gotta clap my hands, clap my hands

I'm gonna praise God while I got the chance  
Watch me while I do my dance, this one's for You  
Gotta clap my hands, clap my hands
