

## Die 4 It

Dej Loaf

I be done killed me a nigga trying to take something away that I worked hard for

This is what I grind for

Are you willing to die for it?  
Are you willing to die for it?  
Are you willing to die for it?  
Are you willing to die for it?  
Are you willing to die for it?  
Are you willing to die for it?  
Are you willing to die for it?  
Are you willing to die for it?

N-n-n-n-no, how can I sell my soul?  
The devil be near, but I'm far too strong  
I know my right from wrong, I know what's going on  
Them niggas they want us to fail  
But we cannot, we just gotta prevail  
We got it  
Bad bitch karma, in a red dress  
I'm really from Detroit, what the fuck you expect?  
Keep what you stole, reap what you sow  
Word on the street niggas got sent home  
Don't dial my phone, I'm booked  
Free lil bro, he booked  
Fake ass niggas been faking too long  
We see ho niggas, they shook  
Watch 'bout 50, bitch look  
That's cuz right there, he a crook  
We ain't tryna act tough, we just tryna get paid  
See with y'all, see it's all about the look  
We can go song for song, whatever you want  
Dome for dome  
Knock knock, pop up at your home  
Don't touch the kids or the wife, just get that chum  
But if the bitch get smart, hell, give her the pump

Are you willing to die for it?  
Are you willing to die for it?  
Are you willing to die for it?  
Are you willing to die for it?  
Are you willing to die for it?  
Are you willing to die for it?  
Are you willing to die for it?  
Are you willing to die for it?

Don't let this life fool you  
Don't let this shit get you  
Don't let this life fool you  
Don't let this shit get you  
You can tell that she got a lot of pain in her  
Tryna hide it but she on her third hangover  
This week, ain't shit sweet, game over  
See she ain't really want the fame, it just came with it  
We ain't have AC, had fans in the window  
Now I ride through your city, wave at fans out the window  
From the city where the chopper gave you ten in window

In the summertime hit, and your mans ain't with you like damn  
Like damn, where my nigga go?  
Too many funerals over these hoes  
Can't fall victim, had to get up and go  
Change had to come or somebody had to go  
They'll do any little thing for that paper  
I done seen it, I done chased it  
I done got it, and I'll be damned if they take it

Are you willing to die for it?  
Are you willing to die for it?  
Are you willing to die for it?  
Are you willing to die for it?  
Are you willing to die for it?  
Are you willing to die for it?  
Are you willing to die for it?  
Are you willing to die for it?

To die for it  
To die for it  
To die for it  
To die for it
