

Who Gon' Stop Us

Dej Loaf

Yeah... woahh... yeah
I say
Who gon' stop us
We be mobbin' with my dawgs
Them niggas don't play about me
Ask about me they gon say I keep it solod
Ain't cross nobody for no paper
I went around it

Who gon' stop us
We be mobbin' with my dawgs
Them niggas don't play about me
Ask about me they gon say I keep it solod
Ain't cross nobody for no paper
I went around it

Who fuckin' with me
I don't really see nobody
I told 'em try me
Have them bitches nervous bout me
And your big homie know that I'm the problem
I try to get rid of niggas so I that can blossom
'Cause it's gon take more than a dozen roses
If your business gets slow
And your friends turn foe
Loyalty is everything
I only love my bros
And I never beg for features
From these rap niggas (nah, nah)
I'm proud to say I ain't fucked a rap nigga
Yeah, they all cap with it
Me never been sitting back chillin'
Soaking up the game and healing
27 I want children, dej don't let this rap shit kill you

Who gon' stop us
We be mobbin' with my dawgs
Them niggas don't play about me
Ask about me they gon say I keep it solod
Ain't cross nobody for no paper
I went around it

Who gon' stop us
We be mobbin'
With my dawgs
Them niggas don't play about me
Ask about me they gon say I keep it solod
Ain't cross nobody for no paper
I went around it

Started texting, now she sends me nudes for breakfast
Like how I spit it, I'll invite you to my session
Location, these bitches ain't got address (no way?)
So some shit, I'm just nit addressing
And all my niggas ain't rich yet
But they're progressing
I was down to my last now I'm all invested

Thankful for the L'S
Thankful for the lesson
Had to turn them into wins now I want revenge (now I want revenge)
It ain't a weapon that can make me feel protected
But we keep haters for all aggression

Who gon' stop us
We be mobbin'
With my dawgs
Them niggas don't play about me
Ask about me they gon say I keep it solod
Ain't cross nobody for no paper
I went around it

Who gon' stop us
We be mobbin'
With my dawgs
Them niggas don't play about me
Ask about me they gon say I keep it solod
Ain't cross nobody for no paper
I went around it

Who gon' stop us
We be mobbin'
With my dawgs
Them niggas don't play about me
Ask about me they gon say I keep it solod
Ain't cross nobody for no paper
I went around it
