

# I Never Knew Life

Del McCoury

Searching this world for the meaning of life  
I opened up an old bible one night  
The Word of God moved me to my knees to pray  
I stood up a new man the old me had passed away

I never new life  
Until I was born again  
I never new love  
Til' I let my dear savior in  
I thought I had done some livin' but now I believe  
I never new life  
Til' I met the one  
Who died for me

The blood that stained Calvary's Hill long ago  
Still has the power to save a lost soul  
Flowing with mercy for someone like me  
Living a lie til the truth finally set me free
