

He Doesn't Care

Del Shannon

You think he loves you
You think his love is fair
You're so sweet to him
And he doesn't care

He holds you closely
And strokes your hair
He's got you on a string
And he doesn't care

All my life I've prayed for
A love like yours
Then he came along, dear
And broke up our love affair

You think I'm lying
You think he'll always care
He's got you on a string
And he doesn't care
