

# I Want You

Delain

I've been trying to deny it  
Oh what to do  
When I'm such a fool for you

I want you  
So bad I want you  
I want to hold you babe you look away what did I say?  
I want you

For better or for worse  
I will make you mine  
Each warm heart gets cold in time  
I'll follow like a shadow  
You won't get through  
The web I have spun for you

I want you  
So bad I want you  
I want to hold you babe you look away what did I say?  
I want you  
So bad I want you  
I watch each step you take I will not bend I will not break

I want you bad  
I want your innocence  
I want your bitterness your loneliness  
I want you (I want you)

I want you bad  
I want your innocence  
I want your every breath in life or death I want you

No one could see it coming  
A tragic day (a tragic day)  
How did that car get in your way?

I got you  
At last I got you  
She'll never see your face forever bound in my embrace

I got you  
At last I got you  
She'll never send you thrills if I can't have you no one will
