

Don't Want To Love You

Delbert McClinton

Don't want to love you anymore
If I could I'd close that door
It's not the way it was
And it hurts me way too much
Don't want to love you anymore

Don't want to love you anymore
It's uncertain that's for sure
It's time to face the facts that you don't love me back
I don't want to love you anymore

I don't want to need you like I need you tonight
I don't want to want you and live this kind of life
You give me just enough of what I want to keep me hanging on
Don't want to love you anymore

Don't want to love you anymore
Don't want to fight a losing war
No need to try again
'Cause there's no way I can win
Don't want to love you anymore
Don't want to love you anymore
