

# I Need To Know

Delbert McClinton

Well, I lay down  
When you leave me  
And I close  
Close my eyes  
Tell myself  
You'll be comin' home soon  
In the mornin' bright  
In the mornin' bright

Well, I dream  
Oh yes, I dream  
Tell me what more  
Can I do  
Well, I'm missin'  
Oh Lord, I'm missin'  
Every part of you  
Every part of you

Ah, tell me why  
Tell me why  
You have to go  
I need to know  
Tell me where  
Oh, tell me where  
I need to know  
I have to know  
I need to know

Early in the mornin'  
When I rise  
I wanna find you  
Here by my side  
I don't wanna worry  
I don't wanna worry  
Baby, have you lied  
Baby, have you lied

I need to know  
I need to know  
Early in the mornin'  
I need to know  
Tell me why  
You have to go  
Tell me why  
I need to know  
I need to know
