

Let Me Be Your Lover

Delbert McClinton

Come on to me, baby, let me be your lover
Let's do all the things lovers do
We can kiss and hug, dear
On that llama rug that your
Daddy back in Texas gave to you

Thinkin' 'bout the time we were
Blowin' peoples' minds
Together doing what we wanted to
Now that was the best part
Like we had a head start
You lovin' me and me lovin' you

So let's do it over again
And let's don't let it end
I found what I want and it's you
A woman, a lover, a friend

So let's do it over again
Honey, let's don't let it end
I found what I want and it's you
A woman, a lover, a friend

Come on to me, baby, let me be your lover
Let's do all the things that lovers do
We can kiss and hug, dear
On that llama rug that your
Daddy back in Texas gave to you

You're thinkin' 'bout the time we were
Blowin' peoples' minds
Together doing what we wanted to
Now that was the best part
Like we had a head start
You lovin' me and me lovin' you, yeah

You lovin' me and me lovin' you, baby
You lovin' me and me lovin' you
