

Shot From The Saddle

Delbert McClinton

Walking tall like a confidant man
Had my woman in the palm of hand
Didn't see the stranger dark and tall
Waiting in the shadows for my woman to call

Shot from the saddle
Face down in the road
Shot from the saddle
Love bullet in my soul

Sometimes love is like a cowboy game
You tote your pistol and it's played the same
Just remember it's a proven fact
You're a goner if you turn your back

Shot from the saddle
Face down in the road
Shot from the saddle
Love bullet in my soul

Shot from the saddle
Face down in the road
Shot from the saddle
Love bullet in my soul

Shot from the saddle
Face down in the road
Shot from the saddle
Love bullet in my soul
