

# Thank You Baby

Delbert McClinton

Heart to heart talks and moonlight walks  
Receiving money by mail  
A fireplace with a view and being here with you  
Honey, sure beats laying in that Fort Worth jail

I'm so glad I found me 'cause with your love to surround me  
I got a handle on a better point of view  
And I wanna thank you, baby  
And my mama wants to thank you too, alright

Some things I can't mention than keep my attention  
I love the way you move  
It makes me wanna grin and then give in  
To anything you want me to

If I died in the morning it'll be alright  
I ain't never gonna feel good again as I feel tonight  
And I wanna thank you, baby  
And my mama wants to thank you too, alright, here we go

I've been wearin' it out before layin' it down  
That's the way I been livin' too long  
I just can't believe the change in me  
Baby, since you came along

I got no time for dyin' 'cause I just been born  
And, baby, I swear it's true  
I wanna thank you, baby  
And my mama wants to thank you, too

Yeah, I wanna thank you, baby  
And my mama wants to thank you too  
Alright, let's do it one more time

I wanna thank you, baby  
And my mama wants to thank you, too  
Yeah, I wanna thank you, baby  
And my mama wants to thank you too
