Goddamn Shame

Delta Rae

I just want to go back there
To when we were happy
There was a time like that, right?

I just want to believe in something
Like that you would have me
I want to feel our old light

'Cause when you put your arms around me
It haunts me always

So does everything happen for a reason?
Or is everything that's happened just a goddamn shame?
'Cause I don't know who I am without you

And ever since you said that you were leaving
I've been trying to remember who I was before you said my name
I don't know who I am without you

Just say something to help me
Tell me one of your secrets
Or take me back to your bed

And don't talk about consequences
Please don't say we'll regret it
I want to know what we had

And I don't care about god
Don't believe in the stars
I don't see any angels
I just want you back in my arms

So does everything happen for a reason?
Or is everything that's happened just a goddamn shame?
'Cause I don't know who I am without you

And ever since you said that you were leaving
I've been trying to remember who I was before you said my name
I don't know who I am without you

'Cause I don't care about god
Don't believe in the stars
I don't see any angels
I just want your back in my arms

So does everything happen for a reason?
It's a goddamn shame
'Cause I don't know who I am without you
I don't know who I am

Does everything happen for a reason?
Does everything happen for a reason?
No
I don't know who I am without you
