

Somewhere In The Desert

Delta Rae

Hold me under the iron sun
Cause I'm lonely
A stranger where I belong
How come I still don't know
The man that I'm meant to be

I need a woman
Naked and free
I need a woman
To take over me

Somewhere in the desert she's singing
Ah
Somewhere in the desert she's singing
Ah

Hold me
Find me with your eyes closed
You'll know me
Your twin when the world was old
Follow the shifting waves
Of land that once held the sea

I need a woman
Naked and free
I need a woman
To take over me

Somewhere in the desert she's singing
Ah
Somewhere in the desert she's singing
Ah

Somewhere in the desert she's singing
Somewhere in the desert she's singing
Somewhere in the desert she's singing
Somewhere in the desert she's singing
