

Walk With Me

Delta Rae

Tonight's someone will hurt someone
Forgive, forget, that ain't no fun
Another heart falls off the tree
But freedom's just 'bout breaking free

A gold dust woman read it in my cards
There's a long parade of us with broken hearts

But if you walk with me
Baby, I'll stand by you
If you walk with me
Take my hand, I'll stand by you
Hand in hand, I'll walk with you

We all walk down these streets of pain
Cause we all woe, regrets and shame
The songs we sing just ain't the same
And then our dreams just drift away

A gold dust woman read it in my cards
There's a long parade of us with broken hearts, yeah

But if you walk with me
Baby, I'll stand by you
If you walk with me
Take my hand, I'll stand by you
Hand in hand, I'll walk with you
Oh, oh
Yeah, yeah

It's hard to be brave with all that we go through
But it all rides on whatever road we choose, yeah

And if you walk with me (walk with me)
Baby, I'll stand by you (I'll be right beside you, baby)
If you walk with me (walk with me)
Baby, I'll stand by you
I said, if you walk with me (walk with me)
Baby, I'll stand by you (the road is getting long, yeah)
If you walk with me (walk with me)
Baby, I, I'll stand by you (I ain't never gonna leave you, baby)
If you walk with me (walk with me)
Oh... (I'll stand by you)
If you walk with me (walk with me)
Baby, I'll stand by you
Take my hand, I'll walk with you
