

Lovely Love de Paris

Demis Roussos

Yesterday's so near
And it all seems so clear
Every love word you told me
Whispers your name
To remind me
Lovely love de Paris
Where are you now?

We were so young at heart
We said we'd never part
And then time came and found us
Like a nightmare, to remind us
Lovely love de Paris
Where are you now?

Who knows if we'll meet again
Walk like we did by the Seine
You used to say "mon amour"
Our love will rhyme through d'jour

Who knows if we'll meet again
In the sweet soft My lovely love My love still rhymes with cher
ie

Memories stay behind
And it rings in my mind
You are all that I care for
Like a reason, that I live for
Lovely love de Paris
Where are you now?
