

Midnight Is the Time I Need You

Demis Roussos

I've been through every kind of night
But I could never find
Someone that could understand

The way to pacify my mind
I'm afraid of darkness and I just get through the day
I know I can take it better if you tell me you will stay
I could find the words I never really said before
'cause you've got the love I need and this time I know for sure

Midnight is the time
Oh I need you baby

More than words can say
Come on baby just feel it now

Midnight is the time
The time I wanna feel you

Till the break of day
Come on come on come on baby

Take me through the night with you I know I can be strong
If you stay beside the girl I know that nothing can go wrong

All I need is you when silence crawls upon the walls
When the sun just dies away and shadows catch me as they fall
You can touch my soul with every tender word you say
Girl I know that only you could chase my lonely fears away

Midnight is the time
Oh I need you baby

More than words can say
Come on baby just feel it now

Midnight is the time
The time I wanna feel you

Till the break of day
Come on come on come on baby

Midnight is the time
Yes, that's the time I need you baby

More than words can say
I'm feeling all right

Midnight is the time
That's the only time I need you

Till the break of day
Yeah!
