Demis Roussos

Momma is cryin' the kitchen Even the dog can feel the chill She  
lays her head down on the table Next to a stack of unpaid bill  
s Oh, Daddy puts his arms around her He says "Girl, you're stoc  
kings starting to run." I know it ain't never been easy, But ai  
n't it always been fun, fun, fun.

We fell in love And there's no way out We fell in love and ther  
e's no way out Sometimes you just gotta laugh about it, We fell  
in love And there's no way out

Daddy's cussin in the backyard He's got the engine hangin' from  
a tree He's kickin the tires on the T-Bird And says "T, you ai  
n't gonna get the best of me" Oh, Momma comes dancin out the ba  
ckdoor Snappin a dish towel in her hand She said "Don't be wais  
tin all the good energy, Don't you know how I love a sweaty man  
." Oh Man, Oh man, oh man

R:

Fell in love and there's no way out Fell in love and there's no  
way out Fell in love and there's no way out
