

## Summer In Her Eyes

Demis Roussos

She, was my first ever love  
She, was my first breath of summer  
She, was my first taste of spring  
The first, taste of wine, I remember

She had the summer in her eyes  
She was the promised kiss of springtime  
She had the touch of warm July  
We were in love and she was mine

She had the summer in her eyes  
She was the promised kiss of springtime  
She had the touch of warm July  
We were in love and she was mine

She, gave my first, kiss of pain  
She, was my first dark November  
She, was my first drop of rain  
The cold, icy wind, of December

But, she had the summer in her eyes  
She was the promised kiss of springtime  
She had the touch of warm July  
We were in love and she was mine

She had the summer in her eyes  
She was the promised kiss of springtime  
She had the touch of warm July  
We were in love and she was mine

She had the summer in her eyes  
She was the promised kiss of springtime  
She had the touch of warm July  
The smile of love, and she was mine

She had the summer in her eyes  
She was the promised kiss of springtime  
She had the touch of warm July  
The smile of love, and she was mine
