

## We're Over

Demis Roussos

We're over, I guess you know we're over  
Even though all the words are still unsaid  
And we talk of other things instead  
We're over, we come and go, we're over  
We go on like two actors in a play  
Acting out our lives from day to day

Going through our phrases  
With smiling frozen faces  
That tell more than they hide

And knowin' when we fake it  
It's not love when you make it  
Without any feelin' inside

We're over, that's all we are, we're over  
And all that's left is to find a reason why  
We're over and we still can't say goodbye
