

White Wings

Demis Roussos

There is land I can show you
are beyond the rainbow's end
close your eyes and
I'll surely guide you
stay behind me
let me hold your hand
close your eyes and
I'll surely guide you
stay close beside me
let me hold your hand

There is land I can show you
are beyond the rainbow's end
close your eyes and
I'll surely guide you
close behind me
let me hold your hand
close your eyes and
I'll surely guide you
over the mountains
and the deep blue sea

There is land I can show you
are beyond the rainbow's end
close your eyes and
I'll surely guide you
stay behind me
let me hold your hand
close your eyes and
I'll surely guide you
stay close beside me
let me hold your hand
