

## A True

Dennis Brown

A true, a true uuuh a true  
A true uuuh, a true uuuh

We got to know what we're living for  
We got to know what we're looking for  
We got to know who we're praying to  
We got to know what we're singing for  
We got to know who we're playing with  
We got to know what we're working for  
We got to know who we're talking to  
We got to know what we're listening for  
(Yes) We got to know what we're writing for  
(And) We got to know what we're dancing for  
(Yes) We got to know what we're striving for

A true, uuuh, a true, uuuh  
A true, uuuh, a true

To enter the Kingdom of His Majesty  
On earth we got to live in perfect harmony

A true, uuuh, uuuh, a true, uuuh  
A true, uuuh

Are you picking up

'Cos we got to know what we're living for  
We got to know what we're loving for  
We got to know who we're praying to  
We got to know what we're singing for  
We got to know who we're playing with  
We got to know what we're working for  
We got to know who we're talking to  
We got to know what we're listening for  
We got to know what we're writing for  
We got to know what we're dancing for  
We got to know what we're striving for

To enter the Kingdom of His Majesty  
On earth we got to live in perfect harmony
