

## Go Now

Dennis Brown

Oooh  
Oh baby go  
Oh yeah, well yeah  
Go now, go now, go now x3  
Yeah!  
There ain't no change around you baby, You can go now  
Ain't gonna hold you down or mess you up, now no how  
Go now look for what you've been missing, get it out of your system  
Follow your heart  
Go do it all, try everything, it's ok baby  
Go and have a ball, if that's your thing baby, it's ok baby  
Go now, don't feel bad there's no need to  
That's the deal we agreed too, right from the start  
Oh baby go, chase your world with it's rainbow skies  
It can make you sing or make you cry  
And it can fill your heart with sorrow  
Just like mine is now, filled with sorrow  
Go now, baby go now, but remember me (yeah! ) tomorrow  
Remember me tomorrow, Yes!  
Yeah! Well yeah yeah yeah,  
Go now!  
Mmmmh  
Go now, don't feel bad there's no need to  
That's the deal we agreed too right from the start  
But remember me tomorrow  
Remember me tomorrow  
Go now, go now, go now, x4  
Yeah, go on now baby  
Yeah! Well yeah yeah yeah  
Baby go now
