

# Halfway Up Halfway Down

Dennis Brown

Many a problems, many a joy  
Life can be fun but never a toy  
And many a good times, many a bad  
Thankful for all those times that I've had  
And when the sun comes tomorrow  
And if I'm blessed with another day  
At least I have found life's middle ground  
Halfway up, halfway down  
Oh, oh yeah, uunh  
And many a sorrows, many a pain  
Better the person I became  
Many a laugh and many a smile  
Building up from my every down  
And when the sun comes tomorrow  
And I'm blessed with another day  
At least I have found life's middle ground  
Halfway up, woah, halfway down  
Uuunh  
Oh, oh yeah, oh oh ah (halfway down)  
Yes many a woman, many a man  
Have found themselves also right where I am  
Many a lifetime, many a day  
Searching to find a better way  
And when the sun comes tomorrow  
And I'm blessed with another day  
At least I have found life's middle ground  
Halfway up, halfway down  
Oh, oh yeah, uunh yeah  
Many a sorrows, many a pain  
Better the person I became  
Many a laugh and many a smile  
Building up from my every down  
And when the sun comes tomorrow  
And I'm blessed with another day  
At least I have found life's middle ground  
Halfway up, halfway down  
Well  
Oh, oh yeah (halfway down)  
And many a problems, many a joy  
Life can be fun but never a toy  
Many a good times, many a bad  
Thankful for all those times that I've had  
And when the sun comes tomorrow  
And I'm blessed with another day  
At least I have found life's middle ground  
Halfway up, halfway down  
Woah  
Halfway up, halfway down  
Woah  
Halfway up, woah, halfway down uuunh  
Halfway down yeah (halfway up)  
Halfway up up (halfway down)  
Halfway down (halfway up)  
And halfway up up (halfway down)  
Not much farther to go yeah  
Not much farther to go
