

If I Had The World

If I Had The World-Dennis Brown

Oh Yeah Now Now

If I had the world I'd give it to you girl (2X)

You're like an angel to me you always give your sympathy

When I'm exhausted, feeling low I always know just where to go

You touch my hand, You always understand the little things that
hurt me inside

Father i thank thee for sending me this ebony guy

When I be in misery, girl it's just you that i see

Oh Yeah Now

You drive away the pains from me

Sometimes you're like a broken baby

If I had the world I'd give it to you girl (2X)

I'd give it to you girl

Oh Yeah yeah

Oh Yeah Now

When i be in misery, girl it's just you that i see

You drive away the pains from me

Sometimes you're like a broken baby

Yeah

If I had the world I'd give it to you girl (2X)

Girl

If I only had the world I'd give it to you
