

# Just Another Girl

Dennis Brown

I know and you know too that  
this love is really really true and  
I know and you know too that  
this love is really really true and...

I want to tell you this in no mad kind of way  
but there's one thing you should know  
that you're just another girl...

Just another girl, that's what you are, you are  
Just another girl, so nice and so smart  
I love you but remember you're just another girl, girl...

~~~♪♪♪ ~~~
