

# Look At Me Now

Derek Minor

I am not supposed be here  
I was not invited, I am not supposed to eat here  
Table with my enemies, snacking on a beat here  
I can see through every last one of y'all, so be clear  
I talk about God and how we kings and he live in us  
But I keep it real, that's why the goons still feeling us  
Be cool dog disrespect is not the way to deal with us  
Cause I can put you in your place kinda like a realtor  
Got some awards on me now, got some dough on me now  
Like half time, I had some friends switch goals on me now  
This session, teach you a lesson if you doze on me now  
On how to depend on the Lord, cause he rose in me now  
I see this generation, everybody wanna be famous  
Want everybody to love you, y'all wanna be Raymond  
Everybody hate truth, so you gone prolly hate this  
But my foundation on a rock, so I'm ok with being Chris  
This world evil, it manipulate people  
Like wearing a suit of armor around magneto  
RMG assembled this year like the avengers  
You would swear I'm Stan Lee, how I help you see the vision  
We ain't got a whole lot, just a few stones trying slay a giant  
In a industry that say you gotta be Goliath  
Said we'd be nothing, but they lying  
See my faith is in what God say, I suggest you try it, it's Minor

They said that I will never make it, look at me now  
I would say that they're mistaken, look at me now  
I was born broke and naked, look at me now  
I pray you see the Lord's gracious, look at me now

Look here, the difference between me and you  
Homie that is clear as day  
You trying to make a mil, I'm trying to give one a way  
You think you indestructible, I know they we made of clay  
So I live life desperately, like I'm about to die today  
Cause that may be my reality  
In a time when black men are seeing more and more casualties  
Whether bad cop or gang, I still see it a tragedy  
And they upload the clips on the net, for the world to see  
Just to get they click ups, they upload a beat down  
Fear of being a victim make me wanna walk with heat now  
But that's not the Lords will, he said advocate for peace now  
Plus I'm already dead, go head and hashtag me now  
This oppression is systemic, we don't see it tho  
Slavery is still alive, prison is the vehicle  
But we don't wanna talk about it  
We just wanna share our Twitter thoughts about it  
Grieve for that young man body that got chalk around it  
Look me in my eyes, tell me what you see  
When I look at you, I see somebody just like me  
Made in the image of God, from the dust like me  
Blew breath in your body from his lungs like me  
See I'm trying to paint a picture with my words  
That'll help you see possessions and they words are not your worth  
You hearing me now, yeah you hearing now  
Finally reflecting greatness boy look at you now

They said that I will never make it, look at me now  
I would say that they're mistaken, look at me now  
I was born broke and naked, look at me now  
I pray you see the Lord's gracious, look at me now
