Ohhhhhh
We about what we say

[x2]

Everybody know I'm putting on for my dogs
Everybody know I'm putting on for the cross
The way I kill the beat, y'all gone have to call the law
Go get queen latifah I'm about to set it off
Good gracious, I been running all out of patience
If you want the real, boy, I got it by the cases
Gimme one shot, boy, I might will take it
Be it, be a hit like Mike Will made it (oh Lord)
I ain't bragging, I'm just telling y'all (y'all better listen up)
This one here for God, I'm a give my all
And I ain't scared to talk about it, I'm a talk about it
How many people almost died, but live to talk about it
They thought that I was dead and put this chalk around me
They forgot the Lord, He got His arms around me

RMG a navy, better yet a army
So let me talk my talk, you could never harm me
My life in His hands, oh my life in His hands I ain't worried 'bout nothing
I boast in His goodness that's why I'm still here, that's the end of discussion
I reflect His greatness, I reflect His greatness, might be why you hate it
We strong in His mercy, we strong in His mercy, that's why you can't break us

I got a team full of real ones [x8]
Oh, oh, oh, oh (Oh, oh, oh)
But you knew that anyway
