

Travel On

Derrick Morgan

You can go your ways
I wanna see you no more, my dear
Please forget about me
Regardless what it might brings, I'm fair
'cause you made a mistake
And now you lost your chance, travel on

At nights I came in
You already into a end, my dear
With a new boyfriend
That you find in a minute, hmmm
So you made a mistake
And now you lost your chance, travel on
