

Love Me

Des'ree

Love me like the world will end today
Dance with me till stars no longer shine
Stay with me still the seas all run dry
Cause I am yours and you are mine, so divine

Love me till I can't take anymore
You showed me just what my heart is for
Lay with me till the flowers lose their bloom

Cause I am yours and you are mine, not too soon

Love me till the moon no longer wanes
Bear with me through all my aches and pains
Play with me till the world no longer turns
Cause I am yours and I for you ever yearn

My baby
Stay with me
Oh, honey
