

# Haunting Siren

Desaster

The hunt is on  
Cold, so cold the night  
Gleaming mountain sight  
Eldritch flows the Rhine  
Forever I will hear your call

Haunting siren sing  
Incinerating rhymes  
Take me to the depths  
Drown my feeble life - Haunting Siren

This fable of old  
Sorrow burns my mind  
Lovely maidens Flair  
Brings darkness, Ends all light  
In foggy night no see  
Voices over all  
Invited to thy dreams  
Invited to let life  
Forever I will hear your call

Haunting siren sing  
Incinerating rhymes  
Take me to the depths  
Drown my feeble life - Haunting Siren

Blood to water - Inhale my tiny Soul  
Now I feel my life will end  
But fear won't shake my sight

Haunting Siren

Jagged cliff ahead  
Insane rhymes driving me  
Boatman aboard  
Black water to my lungs  
And now I am forever her

Jagged cliff - Weaken my flesh  
Embrace the voice from far beyond  
Find the secret Soul  
To Exit life

Insanity and Beauty - cover my Soul  
Waves and darkness - cover my world  
Cover the world

Drowned and forsaken  
As silence awaits me  
I was forever

The hunt is on  
Cold, so cold the night  
Gleaming mountain sight  
Eldritch flows the Rhine  
Forever I will hear your call  
And now I am forever her
