

Wait Forever

Destine

Now, too late to let it fall, we can't forget it all
Got nothing left to hide
And I'm not afraid to crawl, we're so invincible
So I hold on tight
This could be the one last chance tonight

Don't let go,
I don't wanna be the one that's last to know and wait
forever
Don't let go,
We could take a chance on something beautiful or wait
forever

You got me in a trap, lost on the way back
So invisible
'cause I made the same mistake like fire in the rain
Out of control
Is there an answer escaping all the mess I've made
Last chance for us to get away

Don't let go,
I don't wanna be the one that's last to know and wait
forever
Don't let go,
We could take a chance on something beautiful or wait
forever

This could be the one last chance tonight

Don't let go,
I don't wanna be the one that's last to know and wait
forever
Don't let go,
We could take a chance on something beautiful or wait
forever.
