Destiny's Child

Uh, uh, oh

Ooh, ooh Ooh, ooh Ooh Ooh, ooh, ooh ooh, ooh, ooh

The day you pissed me off I told Mike to pick me up  
I told him you was buggin' and I don't like to fuss  
He said he would look out for me If I needed a friend  
He took me to his house and then he invited me in  
Then we sat on the couch, he put his arms around my waist  
Knowin' I need lovin' and then he grabbed my face  
He kissed me like a guy could never kiss a girl before  
So you know what happened baby I need to say no more

I'm just confessing 'bout the things I did  
I might as well come clean What you feel about that baby  
I'm just confessing 'bout the things I did  
I might as well come clean What you feel about that baby

I'm just guessing that you're through with me  
Cause I just came clean What you feel about that baby  
I'm just guessing, are you through with me  
Cause I just came clean What you feel about that

Remember the time you wondered where your money went  
I called my friends and bought some clothes And took them on a trip  
I met a dude that had a Jeep And we talked all the time  
He asked me about my man And you know that I had to lie  
He thought I had no man and I was chillin' by myself  
Don't get mad cause I feel sad That's why I must confess  
Too many times I wanted to let you know my dirt  
But everytime you said you loved me I knew it would hurt

I'm just confessing 'bout the things I did  
I might as well come clean What you feel about that baby  
I'm just confessing 'bout the things I did  
I might as well come clean What you feel about that baby

I'm just guessing that you're through with me  
Cause I just came clean What you feel about that baby  
I'm just guessing, are you through with me  
Cause I just came clean What you feel about that

I was mad, what was I to do?  
Never had it in mind to play on you  
But look at all the hurt you put me through  
I can't tell a lie so I'm tellin' the truth  
(3x)

I'm just confessing 'bout the things I did  
I might as well come clean What you feel about that baby  
I'm just confessing 'bout the things I did  
I might as well come clean What you feel about that baby

I'm just guessing that you're through with me  
Cause I just came clean What you feel about that baby  
I'm just guessing, are you through with me  
Cause I just came clean What you feel about that
