

# The H Factor

Destrage

Traces of speech  
Is all I see as I  
Read through lines of  
Hyper real track

Traces of land  
Crossover heads  
Is all I see as I  
Is all I see as I

Plug and play this madness  
Light speed of joy and sadness

Time eats space, simulacrum age  
Of copies with no Matrix  
No, to view is not to comprehend at all  
Imagination enclosed in squares with third dimension  
Used to spectator's point of view

Ad. flavored crumbs  
Signing this track  
Within personality glide into past  
Go to ground in a habit forming world  
We are but observers of surplus  
Thwarted by a barrier of connections

Metropolitan humus enriched  
With Factor H, the Factor H  
□Human□ active principle  
For beehive of people  
In Disneyfied dreamy depots  
Where's the limit between  
You and what you see  
I wonder, nomad walker  
The natural in human dies  
And everything else comes alive

Copies with no Matrix  
Squares with third dimension

All we know is visualized  
All we live in is disneyfied  
All we see is cathodyfied  
All we live in is disneyfied  
All we feel is electrified  
All we live in is disneyfied
