

Libby's First Sunrise

Destroyer

Libby's first sunrise.
You've been wasted from the day
Of wandering and boozing and sleeping outside.
Now the light holds a terrible secret and now you know, oh,
That this is what you get.

You've been wandering around.
You've been fucking around.
You've been wandering around.
You've been fucking around...uh.

Libby's first sunrise.
You've been wasted from the day
Of wandering and boozing and sleeping outside.
Playing the idiot all of your life and this is what you get.

Master of all you survey,
But today you've been wandering around.
You've been fucking around.
You've been wandering around.
You've been fucking around...uh.

Libby's first sunrise.
You've been wasted from the day, and now you know, oh.
Suffering idiots all of your life and this is what you get.

Now the light holds a terrible secret.
The light holds a terrible secret.
The light holds a terrible secret.
The light holds a terrible secret. Oh, the light!

Oh, the light!
