

## Confused Mind

### Destruction

Rotten psyche, what I have done?  
What I can do now it's time  
Tomorrow comes, summer again  
Butcher in me, kills for fun

How can I be the bad part of me  
What can I do to get free?  
Holding an instrument to satisfy his lust,  
I'm innocent, it kills me

Confused mind  
Confused mind

He commits suicide break his mind  
When he dies, my life is damned sure  
A mind confused I feel so slow  
Cause that's the only thing I can do

I'm taking the knife to finish my life  
But this strange feeling comes up again  
This evil lust takes over me  
The butcher, the winner again
