

# Among Mortals

Desultory

I rise again, I am immortal  
I race through time, I live and breathe only fear  
My time is here, Mortals suffer for me  
I rule your fate, I decide what will be

I'll devour you all  
You're mortal and weak  
I'll take your soul  
Domination I seek

Follow me now, Follow me human fool  
I stand above, Among mortals I rule

I stand above you  
I seal your fate  
With rage and anger  
I rise in hate

Release the fury  
Upon you all  
My words are eternal  
I rise, You fall

I'll devour you all  
You're mortal and weak
