Something has to change Something has to give I could re-arrange My mind and what I did If I were to choose Either way I loose I could be alone Or be alone with you

Empty space
To fill an empty place
Everything I see
Is meaningless to me

If it's how you feel than it's real

Was I wrong to just go on and on You never knew that I was gone What does that say of me You never thought that I Only needed you Just for a little while

Empty space
To fill an empty place
Everything I see
Is meaningless to me

You make me tired
Life wants to live
You just want to watch it
