

## Heaven Please

Devics

heaven please i have fallen  
On my knees and out of your arms  
Take me back I am good now

Heaven please I have given  
Everything to sing for you  
Give some back love now

What's the game please stop pretending  
That you don't hear me  
Heaven please come down and save me  
And bring that man to me

Heaven please I've been walking  
Gates whose entrance i am denied  
Let me in let me in now

Heaven sweet I am calling  
At your feet I been true to you  
Paid my due's say I'm through now

La la la la la...
