

# Lucky Animals

Devin Townsend

Animal, animal, am I lucky  
Animal, animal, am I lucky  
Animal, animal, am I lucky  
How do you know if you're out of control?  
How do you know?  
You never know

Animals, animals, and they're lucky  
Animals, animals, and they're lucky  
Animals, animals, and they're lucky  
How do you know if you're out of control?  
How do you know?  
You never know

Show me, blow me, I know who you are  
Hide me, blind me, show me to the stars  
(how we row, we row)  
Slow me roll me hard  
Slow your mojo, what are we feeling right now

Animals, animals, and they're lucky  
Animals, animals, and they're lucky  
Animals, animals, and they're lucky  
How do you know if you're out of control?  
How do you know?  
You never know

Show me, blow me, I want you to leave  
Hide me, blind me, but I know who you are  
(how we row, we row)  
Show me how we are  
slow your mojo, what are we feeling right now

Animals, animals, and they're lucky  
Animals, animals, and they're lucky  
Animals, animals, and they're lucky  
How do you know if you're out of control?  
How do you know?  
You never know

Throw me far away, how you will see  
Slowly, further then tell me what it means to be sane  
Everybody knows, slow your mojo, what are we feeling right now

Animals, animals, and they're lucky  
Animals, animals, and they're lucky  
Animals, animals, and they're lucky  
How do you know if you're out of control?  
How do you know?  
You never know

Animals, animals, and they're lucky  
Animals, animals, and they're lucky  
Animals, animals, and they're lucky  
How do you know if you're out of control?  
How do you know?  
You never know

How do you know if you're out of control?  
How do you know?  
How do you know if you're out of control?  
How do you know?  
What are we feeling right now?
