

Finally

Devlin

How different is my life to another mans,
I'm just trying to earn a living in this cold, cold place.
Then escape to the summer sands, until my time has expired I'll
be trying and
I finally found something I'll never give up, finally found som
ething I can be proud of (I finally found something I can be pr
oud of)

'll erupt my bloods bubbling. I'm stressed out, frustrated and
hungry that's enough to send a man over the edge. and if it ain
't me against the world then I feel like I'm going against this
whole country. nobodies on my side they wanna take my soul, bo
dy and my mind but I still got a problem with authority so what
shall I decide.

I was on the road all day or I was getting locked up. had find some other way to change my life up, [?] I was on the path but sometimes I fucked it right up. I was either thinking I should leave or I should quit, but something always telling me I don't know what it is, I got something I am proud of, I'm enjoying this, I know, I know, I know. I would always try my best but nothing ever worked, so someone please just tell me straight cause now I'm feeling worse. now my pockets [?] on fire all my credits burnt. I always paid the price and I never learned. I was just a crazy kid, broke and I was lost, cause anytime I would flip and they would call the dogs, always scrapping, always fighting, show my teeth [?] music changed my life now I'm never lost.
