

Fun to Me

Devlin

You know me it's that fella
Spat more lyrics on that one Castella
Tune that I bodied than these cats ever
They don't wanna back chat never
I ain't at the end of my career, just the end of my tether
Mayweather, there ain't none better
Fucked the game for ten years I ain't trying to get a leg up
Should of saw us like Stega
Coming from a distance, pain and persistence
Made sure that I was an instant
Hit with these kids on terror
They don't give a shit like Bam Margera
Ask why I'm grey like UK weather
Think I belong up in my grand ma's era
Old school when I show fools who's clever, who's clever?

This is fun to me
Yea this is fun to me
Who's the one that you've come to see
(Little old me)
D.E.V. this is fun to me (fun to me)
Yea this is fun to me (fun to me)

If it was all about cash to me
I'd just rob you all like that's that then leave
Dagenham East is right here, let's creep
Front man for the back street
And who would of thought they'd cheer when I speak
Shit gets deep when reality's blurred and bleeds
Into a next dimension
Where everything looks sweet but it ain't what it seems
You'll get cut like pensions
When I make a murderous entrance
Tell em get ready for the verbal ascension
I'm just letting off steam
I don't wanna hear any questions
Shut up and listen
I ain't got grey hair, these are white extensions
It's windy, I'm pissing
All over my feet, who cares, I'm Devlin

This is fun to me
Yea this is fun to me
Who's the one that you've come to see
(Little old me)
D.E.V. this is fun to me (fun to me)
Yea this is fun to me (fun to me)

Why's everybody wanna act hard
I'm trying to have fun like Pat Sharp
In my back yard bare back with a fat tart
Then drive McD's in my Dad's Car
Cos I'm a rap star
Grime ambassador for Dagnarm
Snapping at gash like crabs arms
It ain't that hard when you've got that charm
Cos even when I never had shit

We had chicks to link in these drab parts
Trying to make cash fast
Before shit got foul like Joe Hart
Picking up a back pass
Now I just crack laughs
Pass me a fat blast
White in a black mask
With a plastic knife intending on mass harm

This is fun to me
Yea this is fun to me
Who's the one that you've come to see
(Little old me)
D.E.V. this is fun to me (fun to me)
Yea this is fun to me (fun to me)

It's comedy gold
I don't give a shit who you probably know
Have it on your Bromley, by Bow's
For I get dark like only night knows
Linkin Park it's suicide though
Dancing with D.E.V. the mic pro
Might of been a little serious here
Less I care the more I might blow
Less I care the more I might go
Less I care the more I might blow
Less I care the more I might go
To where I should of been years ago
Less I care the more I might blow
Less I care the more I might go
Less I care the more I might blow
To where I should of been years ago

This is fun to me
Yea this is fun to me
Who's the one that you've come to see
(Little old me)
D.E.V. this is fun to me (fun to me)
Yea this is fun to me (fun to me)

This is fun to me
Yea this is fun to me
Who's the one that you've come to see
(Little old me)
D.E.V. this is fun to me (fun to me)
Yea this is fun to me (fun to me)
