

# It Doesn't Matter to Me

Devo

Listen comrade, I don't care  
How long you want to grow your hair  
It doesn't matter to me

Hey lady, have you heard teh news?  
You can burn your wig and burn your shoes  
It doesn't matter to me

But there's something bigger than my VCR  
Something important and it's waiting for you  
Oh yeah

Knock it off pal I heard your story before  
Tell me something new, that's what I'm waiting for  
It doesn't matter to me

'Cause there's a train comin' into the station  
But it's headin' for a new destination  
And I tell you my friend you better count me in

Listen comrade, I don't care  
If you ever change your underwear  
It doesn't matter to me
