

Make Me Dance

Devo

If you got what they want
Then you can tell them what to do
Make them fall right in line

Make them walk to the beat
Show them how to move
Change their clothes
Let them know what to do

If you do
What they want
You to do
You can watch them Copy you, copy you, copy you

Make me dance, make me move
Make me do the things
I can't do on my own

Make me move, if I do
What they want Me to do You can watch them Copy you
Make me dance, make me move
Make me do the things
I can't do on my own

Make me move, if you do
What they want You to do You can watch them Copy you
If you got what they want
Then you can tell them what to do
Make them fall right in line
