

Time Bomb

Devo

I feel like a time bomb
Whenever I'm around you
Time is running out now
The way you're working me out
It's just a matter of time
Hold on, I wanna change it all up
Hold on, get ready for love
Lay down, I'm gonna self-destruct
I feel good
Inside
I'm about to go
Hey-dee-hey, hey-dee-hey
Hydee-ho, hydee-ho
Ho-dee-hey, ho-dee-hey-hey
The way you're workin me out
It's just a matter of time
I'm about to go off
We're gonna have a good time
Come in a little closer
I'm gonna turn the lights off
I'm gonna light up your room
In a serious way
Wait, it's not enough anymore
Don't say, don't doubt anymore
No, wait! you don't know what's in store
When to go
You'll know
You won't be around
It's getting too late for talk
Time is takin' a walk
I think I'm gonna shut down
Hold on, I wanna change it all up
Hold on, get ready for love
Lay down, I'm gonna self-destruct
I feel good
Inside
I'm about to go
Hey-dee-hey, hey-dee-hey
Hydee-ho, hydee-ho
Ho-dee-hey, ho-dee-hey-hey
The way you're workin me out
It's just a matter of time
I'm about to go off
I feel like a time bomb
Whenever I'm around you
Time is running out now
