

Check Your Head

Devour The Day

Are you satisfied with your life
Have you made the most out of your time
You've forgotten how to survive
When the reaper comes calling
Are you gonna burn or fly?

Check your head before you wreck yourself
You're not dead yet no, but I can tell
Ch-ch-ch-ch-check your head

Are you terrified of your life
Have you kept your best tied up inside
Burn your worth and swallow your pride
When the reaper comes calling
Are you gonna burn...
Are you gonna burn or fly?

Check your head before you wreck yourself
You're not dead yet no, but I can tell
Ch-ch-ch-ch-check your head

Check your head!
Check your head!
Check your head!
Check your head!

Check your head before you wreck yourself
You're not dead yet no, but I can tell
Ch-ch-ch-ch-check your head
