

Nothing Is Enough

Devour The Day

Power and dominion
Alpha mind control
All my plans are fantasy
I am just an animal
Oh I've been waiting for a
Peace that never comes
Bound by all my wicked needs
For nothing

The emptiness inside
I can't fill it up
I'm not satisfied
Nothing is enough
Nothing is enough

Trials and tribulations
Self-destruct grenades
I keep hunting for the feast
Still the hunger never fades
Vices and addictions
Serpents in my veins
They keep crawling out of me
For nothing

The emptiness inside
I can't fill it up
I'm not satisfied
Nothing is enough

(What will it take?
What will it take?
What will it take?
What will it take?)
[Repeat to end of section]

Nothing is enough
Nothing is enough

The emptiness inside
I can't fill it up
I'm not satisfied
Nothing is enough
