

Wonderful Creatures

Devour The Day

Days you give
Making light
You get the engine to run
And wipe the sleep from my eyes
But I confess
I'm just like you
I will give you my song
I know it's all
It's all I can do

We owe it all
We owe it all to you
Wonderful creatures
We owe it all
We owe it all to you

My advice
Is often blind
I let the beast in me win sometimes
The endless fight
But I am blessed
Because of you
I will you give my song
I know it's all
It's all I can do

We owe it all
We owe it all to you
Wonderful creatures
We owe it all
We owe it all

We owe it all
We owe it all to you
Wonderful creatures
We owe it all
We owe it all
We owe it all to you
