

# Lie!

DGM

Lie! (Lie)  
You'll pay the price  
Knowing the meaning of pain, into your eyes  
Wait for the night...

Cry! (Cry)  
I'm still alive, lost into the madness of my mind  
Still sacrifice...

Returning to my memory

Waiting for the night is coming  
Through your eyes I see 'cause I'm still  
Waiting for the night is coming  
Through your eyes I see 'cause I'm still

Dreams still know your love  
Through the conscience of your soul  
With no more lies

Fight! (Fight)  
Wait for the dawn  
Running searching the truth  
Behind your eyes  
I'm still alive...

Returning to my memory

(Repeat Chorus and Refrain)
